## PREPARATION

### 1. Cook rice and prepare toppings

Cook the rice according to the instructions on the package. Cut the onion into rings and sprinkle generously with lime juice and let them marinate for a little while. Cut the mango into cubes and slice the mandarin into wedges and halve them lengthwise.

### 2. Customize your toppings and mix it up!

Divide the rice (lukewarm) into bowls or deep dishes. Put some lettuce around the border and divide the mango, mandarins and avocado and soybeans around the middle. Mix the ingredients in the dressing together.

### 3. Prepare the garnish and Vrimp

Chop the garlic, grate the ginger and chop the coriander. Fry the garlic and ginger briefly in some oil in a frying pan and then fry along the Vrimps for another minute.

### 4. Final touches and enjoy!

Sprinkle with coriander and divide the Vrimps in the middle of the salad. Garnish with toasted sesame seeds.
